WPA WILL DROP MANY WORKERS

15,000 In Louisiana Is Estimate Of State Administrator

The Work Projects Administration of Louisiana this week began laying off certified relief workers who have been employed continuously for 18 months or longer, in compliance with the new emergency relief appropriation act recently adopted by congress.

James H. Crutcher, state WPA administrator, estimated that 15,000 persons in Louisiana would be dropped, two-thirds of them living in New Orleans.

At the same time he announced a drastic reduction in administration personnel.

"Congress has ruled that by August 31, the Work Projects Administration must remove all relief workers excepting veterans who have been employed continuously for more than 18 months," said Mr. Crutcher. "These persons will be eligible for re-employment by WPA after the expiration of 30 days and after they have been re-certified as in need of relief."

This may necessitate the closing of some small projects and possibly will delay, temporarily, the completion of others. I have advised the personnel of all projects of the state so that they may be prepared to accept the new program.

These persons dropped because of having had no work for 18 months or longer, will be eligible for re-employment by WPA after the expiration of 30 days and after they have been re-certified as in need of relief.

SIDEWALK KIBITZERS EXPECT GRAND TIME

BOSTON, July 18. — (AP) — Boston's sidewalk kibitzers are going to have themselves a time this summer while the steam shovel boys gouge out a "fascinating hole" for the New England Mutual Insurance company building on Boylston street in the Back Bay.

Listen to David Tibbette, director of advertising for the company, tell about the new sidewalk kibitzers' grandstand:

"There will be a doorman on the gate when the place is officially opened in a day or so and there will be plenty of printed matter to explain what is going on. The seats are not

plush covered, but they are comfortable. The viewing will keep off the hot sun. And the guests will enjoy an uninterrupted view of the most fascinating hole dug in Boston in many a day."

EXPLOSION KILLS 15
SWINEMUNDE, Germany, July 18. — (AP) — Fifteen persons were killed and 18 injured last night when a boiler

exploded on the 17th floor of a building in Berlin about 15 miles from the city. There were no passengers aboard today's brief underground train. The cause of the damage was not known.

unable to get the proper elimination of toxic impurities which continued to clog and cause me much distress. My back ached badly and frequent bladder action was a constant disturbance. Of course, my digestion was greatly affected and my foods simply would not digest properly. My stomach would burn so as gas formed so badly I felt I would smother and actually had to gasp for my breath. Finally I found the one real medicine... and it was Gly-Cas that was able to give me results.

"I had thought there was no hope for me to be well again but Gly-Cas soon changed that," continued Mrs. Atkinson. "Just three boxes of these little capsules gave me wonderful relief as soon as I was getting regular action and the proper removal of clogged toxic impurities I began to feel much better. Those back pains are relieved and I am not troubled with those persistent disturbances of bladder action. I also get proper digestion of my foods and feel the best I have in five years. I cannot say too much in lauding this medical remedy, Gly-Cas."

Louisiana State Normal
Will Graduate Record
Number July 26

NATCHITOCHES, La., July 18.—(Special)—Senior day exercises for the record summer term class of 115 graduates at the Louisiana State Normal college here will be held Wednesday at 8:50 a.m. in Caldwell hall auditorium.

Presided over by Miss Mary Ellen Peterson of Bossier City, president of the class, the program will include an address to the seniors by President Albert A. Fredericks, the valedictory address "America in the Balance," by Miss Dorothy de la Brousse of Houma, honor student of the class.

P. Rogers, dean of the college and class sponsor, accepting Professor Sylvan W. Nelken, president of the alumni association, will accept the graduates as members of the college graduate club at the class day ceremony.

Both the processional and the recessional at the exercises will be played by the college string ensemble. Sherrod Towns and Lillian G. McCook, members of the department of music at the college, will sing solo numbers on the program.

President and Mrs. Fredericks will honor the seniors at a dinner in the president's home on the campus at 6:30 p.m. Wednesday as a climax of the class day ceremonies.

Graduation exercises for the record class will be held in the Greek theater on east campus at 8:30 p.m. July 26.

**ALLOTMENT GIVEN
FOR WPA PROJECT**

Approval of an allotment of \$15,998 for a WPA community sanitation project in Ouachita parish was announced through the office of Representative Newt V. Mills Tuesday.

The project is described as follows: "Community sanitation, a non-federal project for the elimination of insanitary devices by the construction of sanitary outhouses in rural areas and suburban territories where sewers are not available. This project will operate throughout Ouachita parish. The sponsor has legal authority to prosecute the work over the area involved. The sponsor, the Louisiana state board of health."

EXPERT ON SOIL TO GIVE TALK

Dr. H. H. Bennett Will Address Audience At Louisiana Tech

RUSTON, La., July 18.—(Special)—Preparatory to an address here Friday night by Dr. Hugh H. Bennett of Washington, D. C., chief of the soil conservation service, Louisiana Tech is making arrangements to accommodate a large crowd of farmers, educators and business and professional people. The lecture is scheduled to be given in front of the administration building at 7:30 p.m. Dr. Bennett's subject will be "What the Soil Conservation Service Means to the Farmer."

Recognized as a world authority on erosion, Dr. Bennett has had 36 years of practical field experience in soils work. He was born on a cotton farm in North Carolina in 1881.

Shortly after graduating from the University of North Carolina in 1903 Dr. Bennett was appointed soil scientist in the bureau of soils of the United States department of agriculture and has worked continuously with the department since that time.

In addition to his work in this country, Dr. Bennett has rendered service in the Panama Canal Zone, Alaska, Honduras and Cuba.

Under the soil erosion service, Dr. Bennett set up 22 demonstration projects, the first two being in Texas at Temple and Lufkin. In 1934, the number of projects totaled 175, including one in Puerto Rico. At the last report, 361 CCC camps in 45 states were engaged in soil conservation work.

**MERRY FAHRNEY
TO DIVORCE NO. 4**

NEW YORK, July 18.—(AP)—Madcap Merry Fahrney, Chicago's much-married patent medicine heiress, has building action to divorce husband No. 4, Count Oleg Casini, the count's mother disclosed today.

"I don't know what it's all about," the mother said, "but I'm afraid it's true."

Count Oleg, whose brother, Count Ivan, a Washington, D. C., newspaper gossip columnist, was lured and feathered in Warrenton, Va., recently, married the Chicago heiress 10 months ago at Elkton, Md.

Until recent times, it was a common belief that lightning hurled down thunderbolts.

DAIRY DAY TO BE CELEBRATED

Homer Lions Club Will Have Big Party On Thursday

HOMER, La., July 18.—(Special)—The Homer Lions club, in cooperation with the Louisiana state university extension department, is sponsoring a dairy day celebration in Homer July 20. The farm dairy program in Claiborne parish was started in 1929 and this marks 10 years of dairy operations which has made this source of income second only to cotton.

Dairy day is planned to be of interest to all and a program in which outstanding authorities will participate will provide the chief feature of the day. There will also be a fox hunt show open to entries from all over north Louisiana, with Dr. Vaughn, of Waskom, Tex., acting as judge, a free picture show at Pelican theater, a terrapin race, ball game and other diversions.

The dairy program will start at 9:45 a.m. with George F. White, president of the Lions club, in general charge. Governor Earl K. Long and H. J. Bird, vice-president of Swift and company, will be the principal speakers.

There will be a brief welcome to Homer by Mayor Fred Jackson; talk on dairying by J. Lee, dean of the L. S. U. college of agriculture, address by Jesse B. Herrin, president of the Production Credit corporation, New Orleans; "Louisiana's Development Program," by J. Lester White, "Community Organization," by Dr. Mary Ann S. extension sociologist of L. S. U.; "The South's Place in the Nation's Dairy Industry," H. J. Bird, vice-president of Swift and company, Chicago.

The afternoon program will start at 1:30 o'clock. The fox hunt show will be at 4 p.m. The terrapin derby is scheduled for 4:30 p.m., under the auspices of the American Legion post.

**PAYING BIDS ASKED
BY HIGHWAY BOARD**

FERRIDAY, La., July 18.—(Special)—The state highway commission, through L. P. Abernathy, chairman, is asking for bids on the state project located between Ferriday and Clayton. Bids require 6645 miles on United States highway No. 15 and it is to be of concrete construction. This highway, one of the few unpaved stretches in this part of the state, was recently surveyed and is ready for paving as soon as the contract is let.

The National City bank of New York City requires its higher salaried male executives to keep their hats on their desks when in the building. If his hat is not on his desk, it means that that employee is not on the premises.

There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is, get at the cause. If you are constipated, don't endure it first and cure it afterward. Find out what's giving you the trouble.

Chances are it's simple if you eat the super-refined foods most people do: meat, white bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is your trouble, you should eat a natural "bulk" producing food—such as one as the crunchy, toasted, ready-to-eat cereal—Kellogg's All-Bran. All-Bran is the ounce of prevention that's worth a pound of emergency relief. Eat it every day, drink plenty of water, and "Join the Regulars." All-Bran is made by Kellogg's in Battle Creek.

'WORKING WIVES' LEGISLATION FAILS

BOSTON, July 18.—(AP)—Proposals to bar "working wives" from public service in Massachusetts went into the legislative discard today, rejected by the house, 120 to 18, in the first legislative vote on one of the state's hottest political issues.

The text came on an amendment designed to prevent a prime court ruling which would pending measures unconstitutional. Backers of the "working wives" already have announced plans to campaign to amend both the state and federal constitutions to permit such legislation.

Great Britain has the highest taxation, France second highest and Germany third highest.

GARNER SIGNS MONETARY BILL

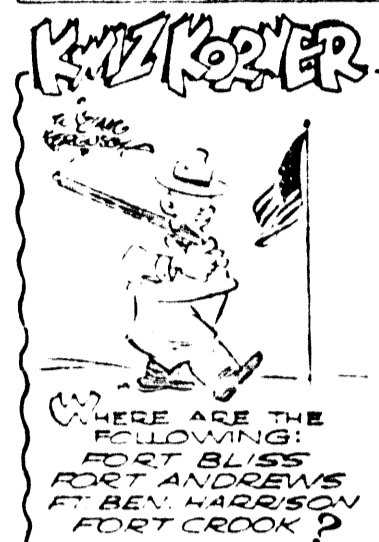

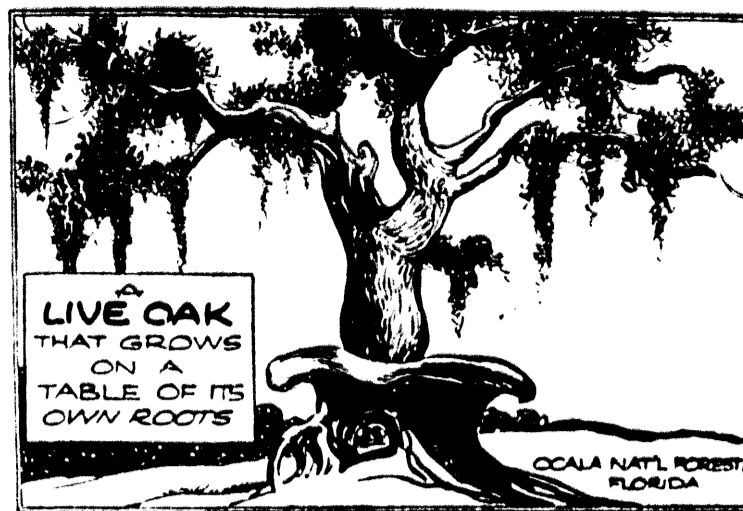

NIPPONESE AND SOVIET CLASHES CALLED SERIOUS

(Continued from First Page)

Washington, July 18.—The House today passed a bill to prohibit the export of certain types of goods to Japan, and to prohibit the export of certain types of goods to the Soviet Union. The bill was passed by a vote of 317 to 107. The bill was introduced by Representative Charles McNary, of Oregon. McNary said that the bill was necessary to protect the interests of the United States in the Far East. He said that the bill would prohibit the export of certain types of goods to Japan and the Soviet Union, and that it would also prohibit the export of certain types of goods to other countries. McNary said that the bill was necessary to protect the interests of the United States in the Far East, and that it was necessary to protect the interests of the United States in the Soviet Union. McNary said that the bill was necessary to protect the interests of the United States in the Far East, and that it was necessary to protect the interests of the United States in the Soviet Union.

FOR CHILLS AND FEVER

And Other Malaria Misery!

During the summer months malaria is a common ailment. It is caused by a parasite which enters the body through the bite of a mosquito. The symptoms of malaria are chills, fever, and headache. It is a serious disease and can be fatal if not treated promptly. The best way to prevent malaria is to use mosquito netting and to wear long sleeves and pants. If you are suffering from malaria, see your doctor at once.

RESIGNATION OF FIVE DEMANDED

(Continued from First Page)

should accept his suggestion to resign. Dutton said, the present board would drop out with the exception of two new members named by Governor Earl K. Long.

They are Lewis Gottlieb, Baton Rouge bank executive named to succeed Theo. Lantry, general manager of the Anglo state bank, and John Diles of Plain Dealing, appointed to succeed L. P. Abernethy, resigned chairman of the state highway commission.

Dutton said the 1938 alumni "do not want any advantage" of 19 charges made by L. S. U. professors and deans that politics had reached down into the awarding of scholarships, appointment and advancement of teachers and the like.

He suggested that the Southern Association of Colleges and Secondary Schools or some other such scholastic accrediting body might be the proper agency to "dig down" into the charges.

"I intend and the alumni intend," said Dutton, "no personal reflections on these men but the fact remains that their administration these amazing things happened throughout the university."

REPORTS BURGLARY
W. C. Sullivan, 306 Benton street, reported to police his home was entered Monday night and about \$5 taken. Mr. Sullivan said that the family was away from home at the time of the burglary. Upon investigation, police found entrance had been gained by using an ice pick to unhook a kitchen window.

FARMERS NOT TO GET LARGER BENEFIT CHECKS

Added Participants Will Use Up Additional Appropriation

CHICAGO, July 18.—(AP)—Even though Uncle Sam has appropriated more money to be spent in the interest of hard-pressed farmers than ever before—\$1,194,488,638—it isn't likely Joe Farmer will be able to pay off the mortgage in 1940 with money received for complying with the AAA program.

Nor does it appear likely farmers generally will receive larger benefit checks for complying with the program in 1940 than in 1939, since funds earmarked for soil conservation, acreage allotment compliance and parity payments total only \$619,000,000 more than the 1939 appropriation. The 1940 total appropriated for benefit payments is \$722,600,000 compared with \$665,000,000 in 1939.

Farm leaders said today the \$619,000 additional fund would be more than eaten up by payments going to farmers complying with the program for the first time.

Edward A. O'Neal, president of the American Farm Bureau federation, whose organization took the lead in pushing the huge appropriation bill

LEAD STATE NORMAL CLASS

These three student leaders at the Louisiana State Normal college at Natchitoches have been named to head the class of 115 candidates for the degree at the State Teachers college this summer. The summer term class officers are left to right, Mary Ellen Peterson, Bossier City, president; J. P. Russell, Urania, vice-president; and Catherine Roy, Mansura, secretary-treasurer. Senior day exercises of the record summer term class will be held Wednesday with graduation ceremonies scheduled for July 26.

through congress, estimated today that 32 per cent of the cotton planters, 83 per cent of the corn growers and 80 per cent of the wheat producers, a considerably higher percentage than in previous years, would comply with the program during the fiscal year.

Greatest hope for increased farm income in 1940, agricultural leaders said, rests with farmers taking advantage of

the loan features of the program— withholding products from market under government loan and seal—and the use by department of agriculture officials of an estimated \$265,700,000 fund for disposal of surplus both at home and abroad. Available for this purpose in 1939 was \$29,000,000.

Thus, the total available for benefit payments and surplus disposal for 1940

is \$978,300,000 compared with \$844,500,000 in 1939.

The balance of the appropriation—\$216,188,638—was made available for research, regulatory work, road building activities of the department and other functions.

MARS TO COME CLOSE JULY 27

Observatories in Africa To Get Best Chance To Study Planet

PASADENA, Calif., July 18.—(AP)—If strange beings have built canals on Mars, Africa and not America will be most likely to discover it during the planet's current approach, near-est in 15 years.

On July 27 it will come within 36,000,000 miles of the earth. Dr. Frederick I. Seares, assistant director of the Carnegie institution's Mount Wilson observatory, said today the 100-inch mirror, largest in use, is handicapped by the fact Mars is so near the horizon.

This means the big telescope must penetrate a thick layer of the earth's dust-laden atmosphere and jump up air waves like those observed on a hot day. Poor "seeing," astronomers term it.

"Observatories in the southern hemisphere are in a much better position to study Mars," said Dr. Seares, "because the planet will be more directly overhead."

"We plan to make some spectroscopic observations here to find out whether we can learn more about Mars' atmosphere, and will take a few direct photographs."

The photographs might determine whether the supposed canals are optical illusions, as some astronomers claim, or give clues to the nature of occasional "dust" storms previously observed on the planet.

Harvard university has a 60-inch mirror and the University of Michigan a 27-inch refractor in or near Bloemfontein, South Africa. Yale has a 26-inch refractor in Johannesburg. Argentina has a 60-inch mirror at Cordoba, Argentina, if it is ready for use.

Next time Mars make a close approach Radcliffe observatory will have a 74-inch telescope ready at Pretoria, South Africa. The glass will be sent here this fall to be surfaced with aluminum.

60 AFFECTED BY FOOD POISONING

HEBRON, Md., July 18.—(AP)—Several critical cases among 60 persons stricken by food poisoning at a church picnic were reported today as health department technicians labored to determine if victims suffered from a virulent form of contagious dysentery. Dr. William W. Smith, only physician in this town of 900, attended patients in every street while Dr. D. S. Fisher, acting health officer for Wicomico county, directed sanitary precautions to stem the spread of the malady should it prove contagious. A tentative diagnosis was said by physicians to indicate contagious dysentery.

Home-made ice cream in which unpasteurized milk was used may have caused the outbreak, health officials indicated. The milk source was being traced today.

SWARTZ CLUB HAS REGULAR MEETING

The Swartz Home Demonstration club met with Mrs. Rufus Hegwood on Thursday with eight members and one visitor present.

Mrs. T. G. Johnson gave an interesting report on the achievement day picnic.

Plans for the Ouachita fair were discussed and Mrs. C. B. Hammett was named chairman of the committee in charge of the home demonstration booth. Mrs. E. E. Elin was appointed chairman of the agricultural booth.

Those present were: Mesdames Coates, Hammett, Cobb, Edelin, McGlohan, T. G. Johnson, Dugal and Mrs. Tolbird, a guest.

The next meeting will be held at the home of Mrs. Addison.

BOY'S BIKE STOLEN AT POLICE GARAGE

LYNN, Mass., July 18.—(AP)—Seems police have very red faces today, trying to explain to Rocco Cevoli, 15, about his bicycle.

Seems Rocco took advantage of a police invitation to all boys to park their bikes in the police garage when downtown, so as to avert thefts.

Seems the bike wasn't there when Rocco went back.

Seems a thief took it.

REV. VERNE KELSEY CLOSING MEETINGS

Rev. Verne Kelsey, pastor of the Monroe Seventh Adventist church, has just completed a two-week evangelistic meeting in Shreveport, and will leave at the week-end for Shreveport to attend the state convention of his denomination.

The state convention will include pastors and laymen from the states of Louisiana and Arkansas and the meetings will last through July 29.

WATERMELON FETE WILL BE OBSERVED

RUSTON, La., July 18.—(Special)—Ruston's annual watermelon festival, sponsored by the Chamber of Commerce, will be held at Woodland park Wednesday at 6:30 p.m.

Governor Earl K. Long is one of the special guests invited for the occasion and he is said to have accepted the invitation tentatively several days ago. Others invited include the mayors of surrounding cities, chambers

of commerce representatives, newspapermen from Shreveport and Monroe and melon growers in the north Louisiana area.

Raymond Heard, chairman of the transportation committee of the Ruston Chamber of Commerce, is in charge of arrangements for the festival. He is being assisted by Sam B. White, chairman of the welcoming committee, and E. N. Thompson, chairman of the goodwill committee of the commerce body.

The local watermelon shipping business, which last week slumped to a virtual standstill as northern markets

died, was reported Monday to have been revived. The shipment which had dropped to less than a hundred a few days ago, is now to have advanced to 25,000 a week.

3 NEGROES DIE FROM GUNFIRE

Man Kills Wife, Another Woman And Himself Monday Night

Two negro women were shot to death last night by a negro man who took his own life.

George Lewis was said to have been angered when his common-law wife, Doris Jackson, left him and refused to return. About 9:30 p. m. he went to her home at 105 South Fifteenth street and shot her five times, three times in the neck and twice in the chest. She died instantly.

Lewis still armed with a .38-caliber revolver, then hurried to his home at 113 DeSiard avenue where he shot himself twice in the head. As he was falling to the ground he apparently continued to pull the trigger, and one of the bullets struck Alberta Huley, who lived next door, in the back of the head. She also died instantly.

Lewis was taken to a local hospital where he died soon afterward. Dr. Irving J. Wolff, parish coroner, concluded the case was one of murder.

FISHER MILL AT FERRIDAY SOLD

Angeline Hardwood Company Of Texas Will Become Operator

FERRIDAY, La., July 18.—(Special) The Fisher mill corporation of Memphis, Tenn., which has been operating the Fisher mill here for several years have sold their local plant and interests to the Angeline Hardwood company, a Texas concern. The new mill owners will begin operation of the local plant, one of the largest in northeast Louisiana on Wednesday, July 19, it is stated by officials of the new company.

Workmen who have been employed by the Fisher mill will be given preference for employment by the new interests, it is stated. A number have already begun work and others will begin work Wednesday when initial operations begin.

Resumption of operation by this mill will mean much employment and a large payroll for Ferriday and the parish. The Fisher mill had been idle for some time and with the resumption of operation by the Angeline Hardwood company, much additional money will be expended in this section for lumber and for employment in various classes of lumber manufacturing and shipping from this city.

JAMES STAHLMAN BACK FROM EUROPE

PORT WASHINGTON, N. Y., July 18.—(AP)—James G. Stahlman, publisher of the Nashville (Tenn.) Banner, returned from a 10-day trip to Europe by air today with the comment that he had met "only one man abroad who believes there is going to be war this year."

Emphasizing that he was in the role of reporter, not commentator, Stahlman said he gained the impression in both Paris and London that the French and British believe themselves ready for any eventuality.

He left here July 8 aboard a Pan-American Airways flying boat via Boston, Newfoundland, and Foyne, Ireland, for London, and returned on another "clipper" via Marseille, Lisbon and Horta.

Stahlman said Roy Howard of New York and John Ewing of Shreveport, La., also newspaper publishers, William I. Van Dusen, of Pan-American Airways, and he set a new record July 8 and 9 for the trip from New York to Paris. Catching a plane at London for Paris, the four reached the French capital in 10 minutes less than it required Charles A. Lindbergh in his non-stop flight in 1927. Lindbergh took 33½ hours.

KING'S CHAIR PRO TEM KITCHENER Ont.—P. Kitcheners are having a great time sitting in the chair King George used in the Ontario legislative buildings May 22. The chair, owned by Hon. N. O. Hapel, is on display here.

SHORT AND SNAPPY MAIL SERVICE

Finish of world's shortest airmail route—six-mile flight from roof of Philadelphia postoffice to airport at Camden, N. J. Helicopters take mail sacks from autogiro, piloted by Captain John Miller in first flight of regular service designed to speed delivery. Five daily round trips by air are expected to require but 10 minutes each—35 minutes faster than round trip by truck.

Dr. Dillon Ousted As Chief Of Local Training Institute

Dr. Harvey Dillon, for the past three years superintendent of the Louisiana Training Institute last night was discharged by the board of commissioners of the institute, it was announced by J. L. Warren, president of the board and president of the Ouachita parish police jury.

Mr. Warren said Dr. Dillon was discharged for the good of the institution, and refused to elaborate. Other members of the board also refused to comment on the move, although one member said there were plenty of reasons why the superintendent should be ousted.

John A. Jones, principal of the L. T. I. High school, was appointed acting superintendent.

Dr. Dillon refused to make a statement at present.

"I am going to Baton Rouge tomorrow," he said.

When asked if he would confer with Governor Earl K. Long, Dr. Dillon said he would if the governor is in Baton Rouge.

"I have nothing to say tonight," Dr. Dillon said, "but I'll have plenty to say when I return from Baton Rouge."

Dr. Dillon was appointed superintendent of the training school, for delinquent boys three years ago by Governor Richard W. Leche, succeeding Judge Charles Schriber, who for thirty years was city judge here and was appointed superintendent of L. T. I. by Governor Huey P. Long in 1928.

Members of the board of commissioners are Mr. Warren, president; S. L. Digby, vice-president; and A. S. Tidwell, Jr., secretary-treasurer.

YANKEES DEFEAT INDIANS 3 TO 0 DESPITE FELLER

Champions Get To Cleveland's Ace Hurler Twice When It Counts

CLEVELAND, July 18.—(AP)—Though he struck out nine of them in the first six innings, the world champion Yankees got a Bob Feller when he pitched Monday, and behind the fast pitcher, whipped the Indians 3-0.

With Feller, who pitched the Indians' eighth inning, the Yankees' lineup was a formidable one. Feller, who pitched the Indians' eighth inning, the Yankees' lineup was a formidable one.

DEAN SAYS ARM CUT IN REACHING FOR TELEPHONE

Dr. Dean Blames Accident On Midnight Call From Brother Paul

CHICAGO, July 18.—(AP)—Dr. Dean's home Monday to puncture all the wild stories about his cut left arm, explaining the wound was the result of a midnight telephone call from brother Paul, St. Louis Cardinals pitcher.

Sent home Sunday after Gabby Hartnett, Chicago Cub manager, discovered the injury, Dean and his wife Patricia, hopped off the train Monday afternoon somewhat amazed at the rumors and conflicting rumors caused by the wound.

Dean's return was not explained by club officials in New York where the Cubs already handicapped by injuries to other players are on a road trip.

Why this is the subject of a fevered tale, he told the swarm of baseball writers at the station. "You will laugh your heads off when you get a look at this scratch on my arm. 'Fight' there wasn't any fight and I wasn't drinking either. It happened right in the hotel. We went to our room at about 11:15 o'clock (Saturday night). We were in bed when the phone rang and, like a dummy, instead of turning the light on first, I made a grab for the phone in the dark. I knocked over the lamp on the

11-2 victory. Manager Gabby Hartnett, with a pair of doubles, two runs scored and two driven in, and Carl Reynolds, with a triple and two singles, led the attack.

Meanwhile veteran Charley Root pitched five-hit shutout ball until two were out in the sixth. Then singles by Duff Camello and Al Todd and a double by Gene Moore, combined with an outfield error, gave Brooklyn both of its runs. Root didn't give up a hit through the last three frames.

JURY MEETS ON LIQUOR LAWS

Meeting Friday Night Of Dealers And Dry Forces Proposed

ment of the parish liquor law regarding the prohibition of the sale of intoxicants between the hours of midnight, Saturday and 6 a.m. Monday. Henry Bernstein, Monroe attorney representing retail liquor dealers, is presenting a plan whereby the law would be amended to allow the sale of liquor after the closing of the day's business.

A plan also was presented for a joint meeting of the dry forces and the liquor dealers to discuss the proposed amendment.

The meeting is to be held at the home of Mrs. J. B. Smith, 1115 N. 10th St., at 8 p.m. Friday night.

The meeting is being called by the Monroe County Liquor Dealers Association.
